# PROBE PEACE TREATY LEAK IS DEMANDED

Senate Unanimously Passes a Resolution Calling For an Investigation Today.

## DEMAND FOR PUBLICATION

Johnson Resolution Calling on State Department For Copy is Also Adopted.

## AMERICANS EMBARRASSED

Charges of Borah and Lodge Put Commissioners in Paris in a Strange Plight.

(By United Press) Washington, June 6.—The senate today unanimously ordered investigation of the peace treaty leak.

A moment later without debate the Johnson resolution demanding the state department make public the peace treaty, was passed.

The Hitchcock resolution desired the foreign relation committee to prove the statement by Senators Borah and Johnson that the treaty text in New York was denied the senate.

Adoption of the resolution followed a bitter tilt between Hitchcock and Lodge over the republican substitute for Hitchcock's measure. The substitute provides also for an investigation of the statement that it had been freely circulated in Germany and other countries. It did not mention Johnson or Borah as Hitchcock's resolution did.

### Agreeing on Modifications.

Paris, June 6.—British and French delegates, through American intercession, were reported today to be approaching agreement on the degree of modification of the German peace treaty. It was understood that the changes in the terms probably will result in some concession by both groups, the French receding from their previous stand of opposing all modifications, with the British agreeing to abandoning most of the alterations recently advocated by them.

The reply to the German counter proposals which will embody the proposed modifications, is now expected to be ready for presentation early next week.

Meanwhile the Big Four's continual refusal to publish the text of the original treaty is resulting in embarrassment to the American commissioners as the result of charges of Senator Lodge and Borah that complete copies are in possession of certain private interests in New York. This embarrassment is increased by the fact that it is reported copies are available at news stands in Germany, Switzerland, Holland and in other neutral countries.

### THIRTY MEMBERS TO ATTEND

Uniform Rank Arranges to go to Regimental Memorial and Inspection

Thirty members of the Uniform Rank, Knights of Pythias, of this city, are expected to attend the annual memorial and inspection of the third regiment in Newcastle Sunday. Arrangements were made for the trip at a meeting last night. Other companies in the regiment are located at Knightstown, Newcastle, Cambridge City, Connersville, Harrisonburg and Mooreland.

### RUSH COUNTY WAR PICTURES ARE SOUGHT

Persons With Films Asked to Take Them to Frank Wallace Who Will Make Enlargements

### TO GO TO STATE COMMISSION

Persons who have kodak pictures of any war scenes which help to tell the story of Rush county's participation in the war, will confer a great favor on the Indiana Historical Commission, which is preparing a state war record, by delivering them to Frank Wallace, local photographer, who will make an enlargement and return the prints to the owner.

Mr. Wallace told a representative of the commission, who was here yesterday, that he would make enlargements free of charge in the interest of the county making a good showing in the state's war record. The only war picture he has is one of old Company B, taken the day the company departed.

Pictures wanted are those depicting departure of troops, men in uniform, public mass meetings of any character in connection with the war, welcome home celebrations for soldiers and similar events. Short histories of the county's activities along every line in the war period are being written by those authorized to do so by the state commission.

### DECORATED BY THE CHINESE GOVERNMENT

Rupert Stanley, Former Carthage Boy Who Was Honored in the Orient, Coming Home

### Y. M. C. A. SECRETARY 7 YEARS

Rupert H. Stanley, formerly of Carthage, who is expected home next month from China where he has been serving as a Y. M. C. A. secretary, has been decorated by the Chinese government for his services, according to word received at Carthage.

Mr. Stanley will sail June 27 from Shanghai for America. He has informed friends in a letter received at Carthage, and expects to land at Seattle, Washington, July 15. He will come to Carthage for a visit with his sister, Mrs. H. G. Rawls, and from there, together with his family, will go to New York where he will locate.

Mr. Stanley left Carthage, October 31 1912, shortly after his marriage to Miss McCorkle, daughter of David McCorkle of Indianapolis, and served seven years as general secretary of the Y. M. C. A. at Kai-seng, Honan province, China. Mr. and Mrs. Stanley have two boys.

### DONALD MOORE AT FORT

Donald Moore, son of Mr. and Mrs. Charles Moore of this city, is now stationed at Fort Benjamin Harrison, having recently arrived from overseas. He expects to be discharged in a short time. He was formerly a member of the 139th Field Artillery but was later transferred.

Miss Georgia Mock of New Salem is visiting Mr. and Mrs. Robert Ray of Milroy and other relatives for a few days.

### MARRIED MAN WITH BEAN GIRL IS HELD NEITHER ONE WILL GET THE CHILDREN

Frank Mitchem, Colored, and Daughter of Prof. J. E. Bean, to be Brought Here Late Today.

### ARE FOUND IN INDIANAPOLIS

Mrs. Bean Says Mitchem's Wife, Who Has Disappeared, Aided in Escapade—Innis Girl Freed.

Verdell Bean, colored, age 16, and Frank Mitchem, colored, a married man of this city, were located in Indianapolis early today and were to be returned here late this afternoon. Miss Bean has gone from her home in this city since Tuesday home. Mitchem has also been away from home for that length of time. Miss Bean left her home Tuesday to go to school and was later seen in the west part of the city, accompanied by Alma Mitchem, wife of the man who was with Miss Bean. She assisted her to board an Indianapolis-bound car and Mr. Michem followed on the next car. Alma Mitchem has not yet been located and the police of the state have been notified to watch for her.

The telephone call sent to a sister-in-law of Prof. Bean in Cincinnati yesterday from Greensburg is now thought to have been false as Verdell has been in Indianapolis since the owner.

Charles J. Orbison, who represented Mrs. Haugh in the hearing here, told Judge Sparks yesterday evening that Mrs. Otto Keller and Dr. Amelia Keller had consented to take the two children in charge for the present, and that Mr. and Mrs. Haugh had both agreed to the arrangement. The only thing which delays the court's order is the matter of the amount of money which Mr. Haugh should pay for the support of the two children.

Donald Smith, local attorney for Mr. Haugh, went to Indianapolis today to consult with him concerning support money and division of the personal property. It is stated that Mr. Haugh will very likely be ordered to pay \$10 a week for the support of each child. Mrs. Keller has consented to take charge of the oldest boy, Guy Jr., and Dr. Keller the youngest, Ronald.

The children have been under the care of Indianapolis women, friends of Mrs. Haugh, since Friday evening, May 9, when Mrs. Haugh is alleged to have made an attempt to shoot her husband upon their return to Indianapolis from this city where the last evidence in their divorce suit had been introduced in the afternoon and the court had taken it under advisement. The next morning Judge Sparks granted Mr. Haugh a divorce on his cross complaint that she did not whip Verdell and if she did, the girl was still hers and it was none of the neighbors' business. She stated that she had punished her when she disobeyed, but as far as beating her and treating her "like a dog," it was a mistake. She said that she and Mr. Bean were making an effort to rear their children and give them an education but some of their own race in that section of Rushville were envious of her children and this act

### Mose Jackson Rose Throws Seven Twice in Police Court

Colored Man Fined \$1 and Costs For Carrying Concealed Weapons and For Intoxication After Driving Family and Guests From His Home.

### PLEADS GUILTY BOTH COUNTS

Mose Jackson Rose, colored, was compelled to throw eleven in each of two counts in city court late yesterday, when he pleaded guilty to two charges. He was fined one dollar and costs for carrying concealed weapons and the same for public intoxication.

His arrest was the outgrowth of an alleged family quarrel late Wednesday. It was said that Mose got angry after he became intoxicated and made everyone leave the house in East Eighth street where he lives.

Rose is employed at a local shoe repair shop. He has one leg off at the knee.

Marie Buchanan Files Suit for Divorce From Roy T. Buchanan

Marie Buchanan has filed suit in circuit court against Roy T. Buchanan for divorce alleging abandonment and failure to provide. The complaint says Buchanan left his wife January 2 of this year with nothing on which to live. Mrs. Buchanan says her husband did not pay his bills, that he cursed and kicked her and was prone to have fits of anger. They were married Sept. 7, 1914.

### MEETS WITH COUNTY REVIEW BOARD HERE

J. Monroe Fitch, State Tax Board Representative, Discusses Equalization Problems

### TO VISIT HERE FREQUENTLY

J. Monroe Fitch of Muncie, representative of the state board of tax commissioners, conferred with the county board of review all day yesterday regarding their duties and the application of the new tax law. Mr. Fitch is spending his time now in eight counties in this section of the state, supervising the work of the review boards and endeavoring to have the taxable property equalized in all of the counties.

Mr. Fitch explained various phases of the new law to the county board and discussed some of the problems which the board has foreseen, although it has not yet begun the work of equalizing Rush county assessments. Mr. Fitch is a student of the taxation question. He has represented Delaware county in the lower branch of the state legislature several terms.

Johnson, Decatur, Shelby, Union, Fayette, Rush, Hancock and Henry are the counties which Mr. Fitch will have under his jurisdiction during the time the boards of review are in session.

Chief of Department of Mines Says no Law Provides For Transportation of Powder.

### CITY IS IN DEEP MOURNING

(By United Press) Wilkes-Barre, Pa., June 6.—Burton Seward, chief of the department of mines of Pennsylvania, today started investigation of the explosion here yesterday in a coal mine tunnel, when 82 persons lost their lives and 65 were injured, many seriously.

Seward declared no Pennsylvania law provides for transportation of powder from a magazine to a working place and that he would take the matter in his own hands.

Plans were formulated for a community funeral for the victims tomorrow. The city is in mourning and a heavy downpour added to the gloom which hung over the city.

Relief bodies were sent to console the families in distress.

### FAVORS HEARING FOR IRISH

Senate Votes 62 to 1 For Resolution by Senator Borah

Washington, June 6.—By a vote of 62 to 1, the senate went on record in favor of giving the Irish claim to independence a hearing before the peace conference. With only Senator Williams, Mississippi, voting against it, the senate passed the Borah resolution demanding that the American peace delegates endeavor to get a hearing of the Irish question in the peace conference.

The control was made necessary, Konenkamp said, by the Western Union's refusal to remunerate unjustly discharged employees and abide by recommendations of impartial authorities.

### TO STAND PAT ON KELLOG MEASURE

Congress to Act Since Postmaster Burleson Turned Back Phone Telegraph Companies

### RATES ARE BIGGEST QUESTION

Burleson's Order Characterized as "Flim-Flam" and "Passing the Buck" to Congress

(By United Press)

Washington, June 5.—With operation of the telephone and telegraph companies again in control of their owners today, congressional leaders met to revise the pending legislation for return of the wires.

House and senate interstate commerce committees were called to consider how far congress should go to supplement and complete Postmaster General Burleson's orders late yesterday handing back control of operation of the wires to the companies.

Senator Cummins, chairman of the interstate commerce committee, said the continuation of the rates fixed under government control seems to him the principal matter needing congressional action.

"We shall determine today," said Cummins, "whether to go ahead with Kellogg's resolution, now on the senate calendar, or to withdraw it and introduce an amended measure of narrower scope."

The Kellogg measure provides that the telephone and telegraph properties shall be returned forthwith and that rates fixed under government control shall be continued at least until the president has signed the measure.

Congress will go ahead and press to early passage its resolution providing for return of telephone and telegraph properties to the original owners, according to the outlook today.

The senate interstate commerce committee at the special meeting this morning debating over Postmaster General Burleson's orders yesterday, announced return of operative control to the owners, constituted a release of some responsibility but that the wires are still in actual control of congress with regard to property.

Burleson himself in replying to congress today, expressed a desire not to connect himself with any impression of turning back anything but control of operation.

So as the adopted amendment continues the existing rates for 90 days instead of 60 days, as provided in the original resolution, congress decided to stand pat on the Kellogg wire return measure as admitted to the congress.

At the committee meeting of M. C. Kingsbury, vice-president of the American telephone and telegraph union, declared that Burleson still holds control of the wire with the wire control board of which he is chairman.

Congress characterized Burleson's order as "flim-flam" and "passing the buck".

### Fight To Finish For Unions

Washington, June 6.—President C. J. Konenkamp, of the commercial telegraphical union of America, declared that Postmaster General Burleson's restoration order meant a fierce fight between the telegraphical unions and the Western Union throughout the country.

The control was made necessary, Konenkamp said, by the Western Union's refusal to remunerate unjustly discharged employees and abide by recommendations of impartial authorities.

Electrical workers throughout the country have set June 16 as the day upon which they will leave their posts and it is regarded likely that

## HIGH SCHOOL ENDS SUCCESSFUL YEAR

Commencement Tonight Marks Close of Season in Which There Have Been Many Handicaps

SUPT. LLEWELYN TO SPEAK

Some Instructors Plan to Study This Summer and Others Will Not Return Next Year

Rushville high school ended one of its most successful years today although there have been times that school could not be continued on account of the influenza epidemic. In spite of much sickness, there were only two deaths in the schools during the year. One of the best classes in the history of the school will receive their diplomas tonight. The class is as large as the average for the last ten years with thirty-eight receiving graduation certificates. The commencement exercises will be held at the Graham Annex at eight o'clock and the address will be delivered by E. J. Llewelyn, superintendent of Newcastle schools.

It is interesting to note the manner in which the graduates and the teachers will be separated during next year. Two of the graduates are to attend Normal school this year and will also be teachers next year as they are promised schools. Many of the others have signified their intentions of getting a higher education in the universities and colleges.

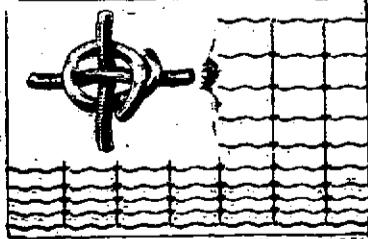

F. O. Medsker, teacher of Latin this year, will act in the capacity of superintendent of the Boston school in Wayne county. Miss Kathryn Knutz, science instructor, has accepted a business position at Terre Haute. L. G. Sheidler of the history department has a position with the Dollinger company for the next year. Miss Beryl Barber of Jackson school will attend college next year. A. M. Taylor, principal of the high school, has been appointed a member of the county board of equalization and will begin his duties next week. Mrs. Edna Taylor of the Graham Annex will return to her home in New Salem and Miss Belle Forsythe of Havens school will return to her home in New Concord, Ohio. Miss Gladys Beabout of Jackson school will be a student at Indiana University for the summer term. Miss Kate Dennis, teacher of domestic science, will attend the University of Chicago and Miss LaVerne Davis of the commercial department will attend a business school in Chicago. Miss Henrietta Coleman, art, will attend an art school in New York city during the summer. Miss Ruth Spivey of Havens school will attend a penmanship school in Cedar Rapids, Iowa.

Miss Letta Denney will teach mathematics at Dickinson, North Dakota, next year. Miss Ethel Flint will teach in the Rushville city school next year. Charles Parke, supervisor of music, will spend a portion of the summer in Chicago. Mrs. Mary M. Glessner of the Eng-

**AGED MINISTER LIKES TO GO AUTOMOBILING**

Will Attend Methodist Centenary Celebration June 20-July 13.

**REV. ALBERT VOGL.**  
Aged Minister to Attend Methodist Centenary Celebration.

Rev. Albert Vogel of Geanette, Pa., at the age of 102 is praying every day that his life may be spared to enable him to be present at the Methodist Centenary celebration which will be in Columbus, O., from June 20 to July 13.

Entering the ministry before the age of 25, he has occupied the pulpit for more than 80 years. In the early sixties he was pastor in Bucyrus, where he established lifelong friends. When 100 years old he visited that city, the event being the laying of the cornerstone of the Methodist church.

The centenarian has a keen sense of humor and believes in practicing some of the health rules as set forth by Dr. Charles Barker, the national health expert. Vogel looks like a man of 80 and his hearing and sight are unimpaired. His step, too, in spite of his old age, is firm and steady. All of these things he attributes largely to long walks and early rising.

**SHOULD REGISTER EARLY**

Visitors to Methodist Centenary to Be Well Cared For.

The one plea of H. B. Dickson, organizing secretary of the Methodist Centenary to Methodists North, South, East and West, is that visitors register early. The registration fee is \$5 for an individual, or \$10 for a family, including all members under 21. Registration covers admission to the exposition grounds each day of the celebration at Columbus, June 20 to July 13, and it also secures the services of the Methodist Celebration housing committee.

"There is no use mincing matters," says Mr. Dickson. "Those who register earliest will get the best services and best accommodations. We are trying to provide for an eleventh hour rush, but it is never so satisfactory to work under those conditions as when people take matters in their hands early enough to get good attention."

Word Passes Through Red Circles That Next Outbreak Against Government is Arranged

**PRECAUTIONARY MEASURES**

(By United Press.)

Washington, June 6.—The word is being passed through Red circles for a demonstration on July 4, government officials here have been informed, it was learned today.

According to these reports the May Day outbreak, the June 2 bomb outrage and the July 4 plot spectacle constitute a progressive series of demonstrations against the government.

As a result every precautionary measure is being taken by officials to thwart the Reds insofar as the existing laws permit congress in preparing legislation to further the government campaign against the menace.

**Teachers — \$16. Barbers — \$30.**

Two advertisements appeared in a newspaper—one of them calling for a teacher of mathematics, history and psychology, at a salary of \$65 a month. The other one called for a colored barber at \$30 a week.

There is no particular reason why the barber should not get \$30 a week. Milk wagon drivers are getting \$35, and they don't need to know more about driving than any farm boy knows. A quick, light-fingered barber needs as much dexterity as a milk wagon driver, and deserves as good a salary.

But we are sorry for the teacher of mathematics and history. \$65 each calendar month means \$35 a week. The barber who gets \$30 for pruning whiskers may be glad he knows nothing about mathematics or history. In Washington a teacher has to work 25 years before qualifying for a wage of \$1300 a year.

In Chicago a teacher cannot get \$1,000 a year before putting in 17 years in the profession. In 23 states the teacher's average less than \$400 a year.

And in Illinois a high school teacher who tried to persuade one of his pupils to stay and finish his education was met with an irreducible argument. "I have a job in a mine," said the boy. "I am making more money without an education than you are making with one."

We are told sometimes that teachers deserve no more than they get. If this is true, it does not improve the situation; it only makes it worse. If the type of education that young America is getting is worth more than is paid for it, so much the better for young America. We may sympathize with the teachers, but we may rejoice that young America is recovering a high standard of educational opportunity. If, however, the education received is worthless, why not offer a price

that will buy an education worth having?

At the present moment the development of the rising generation marks America's greatest crisis. Unrestricted immigration has made this country an ethnological freak show. By offering salaries which will attract teachers whose personality and attainments will be a really uplifting force we may guarantee to the America of the immediate future the perpetuation of the ideals and standards which are at present in danger of passing to the discard.

While the soda fountains exist the United States will not be entirely dry. It will only have a different wetness.

It is hoped that the disposition of the railroads will improve the disposition of travelers, which has suffered severely under government ownership.

The Germans style the conditions of the peace treaty "ruinous". We wonder how they would describe the condition in which they left Belgium and northern France.

If some day you were to hear a sound like thunder, and in response to your amazed inquiry were informed, "Oh, that was only prices falling," wouldn't you be delighted?

The Honesdale (Pa.) Baptist church has extended a call to the Rev. John Burroughs, who also is a physician.

## Na-tu-ra

has no equal for the treatment of all forms of Catarrh, as is attested by another Indiana lady.

Mrs. Cerecia Spurlin, 338 N. Maple St., Tipton, Ind., says: I am 82 years old; I have had rheumatism for 40 years; I would have headaches for months at time; was badly constipated, also had stomach trouble, intestinal indigestion and kidney trouble; was very nervous and had very poor circulation. I had spent hundreds of dollars trying to get rid of rheumatism, but obtained no relief. NA-TU-RA was recommended to me for all forms of catarrh and that when I was well of catarrh I would not have rheumatism. I have used 12 bottles of Natura and I have found it to do as you say. I am free from rheumatism, have no headaches, no stomach trouble, am free from constipation and I am over my nervousness. I sleep and rest fine. I consider this a remarkable cure for a lady of my age.

Private James Walker, Formerly a Member of the Sanitary Detachment, at New York.

### WAS IN ENGLISH HOSPITAL

Word has been received by B. M. Walker to the effect that his son, Private James F. Walker, has arrived safely from overseas and is now stationed at Camp Merritt, New Jersey. Private Walker was formerly a member of the sanitary detachment of the 139th F. A., which was organized in this county.

With this organization he sailed for overseas early in September, 1918. He became severely ill while on board ship with the influenza-pneumonia and was in a critical condition when left in a hospital in Liverpool. His recovery was slow and was not discharged from the hospital until Nov. 26 when he was sent to France. He failed to reach his old organization and later became a member of the 309th Headquarters Company band of the 78th Division with which he remained until the present time.

At the New Hampshire State College eighteen girl students made the bleachers for the athletic field.

Expectant Mothers  
View Event Calmly

Time Brings Knowledge That by Use  
of Penetrating Remedy Suffering  
is Avoided.

Thousands of women have found by the application of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering at the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching and bending pains and general uneasiness. Mother's Friend makes it possible for the expectant mother to herself actually aid nature in the glorious work to be performed, and no woman should neglect to give nature a helping hand. It will mean infinite less pain and the hours at the crisis will be less. The period is one of calm repose and restful nights.

By the use of Mother's Friend the skin is kept soft and natural, and experienced mothers say that it is much better to keep your health and good looks during the period of expectancy than to try to regain them afterward.

Write the Bradfield Regulator Company, Dept. G, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, and obtain a bottle of Mother's Friend and begin its use at once.

## CITY TO GROUNDS BY AERIAL ROUTE

Leaders in the Shriners Round-up Will be Taken From Indianapolis to State Fair Grounds.

#### ARMY AVIATORS TO DRIVE.

More than Sixty Noted Rough Riders Have Entered the Contest for \$6,000

Indianapolis, Ind., June 6.—L. T. Leach, Potentate of Murat Temple Shriners and Tex Austin, Las Vegas ranchman who will direct the Round-up here June 9, 10 and 11, have been invited to make the first trip in the first regular passenger aerial service instituted in this country. The first plane of three which will carry Shriners and other Round-up visitors from a field at West 30th street and Speedway Road to the state fair grounds, is scheduled to start shortly after noon on Monday, June 9.

"Doc" Leach, as he is familiarly known, said today he had developed enough nerve in promoting the convention to try most anything once. Tex Austin said frankly he thought aeroplanes ran third or fourth to real outlaw bucking horses and wild Mexican steers and that he would likely take a chance.

The aeroplanes will be chauffeured by former army aviators in the employ of a company organized here for passenger service in the State.

More than sixty noted contest riders have entered for the Round-up prizes totaling more than \$6,000. The list includes several noted ranch owners, among them Captain Lee Caldwell of Pendleton, Oregon; Eddie McCarty, of Cheyenne, Wyoming, owner of one of the finest stables of thoroughbred racing horses; Tom Henderson of a family of noted riders and Clay Mae Goniagl of Globe, Arizona. All these have won championships at various times in bronc riding, steer roping, steer bulldogging and other sports and pastimes of the cattle country in open competition against such stars as Jack Frez, Leonard Strand, "Powderface" Eckerd, Allen Holder, Johnnie Judd and others already entered for the Round-up here.

## JUNIOR LEAGUE WILL GIVE PAGEANT SUNDAY

Will Present the Story of the "Second Enlistment" at St. Paul's M. E. Church

#### MRS. J. F. MILLER IN CHARGE

The story of the "Second Enlistment" will be told in pageant form at the St. Paul's M. E. church on Sunday evening at 7 o'clock when the Junior League of the church will present a pageant of that title. The Junior Leaguers will take charge of the Epworth League service.

Every form of Christian service will be shown by the youngsters, who will represent their parts in costume. The story of the little playlet is that "America" is mustering out her soldiers and sailors, telling them that their service is over. Just at this time, "Christianity" steps up and tells the soldiers and sailors and war workers that their work is not yet done but that the most important part is to come when they fight for the Christianity of the world. Appeals are made by a minister, a missionary, a Y. W. C. A. workers, a Y. M. C. A. workers, a Red Cross worker, a settlement worker, and an Epworth Leaguer, all in costume for the young people to make the "second enlistment." Their response to the call of Christianity is unanimous.

Several special musical numbers will be offered and the installation of the newly elected Epworth League officers will take place. A talk will be made by the pastor, Rev. C. S. Black, in making the installation. Mrs. J. F. Miller, Junior League superintendent, will have the meeting in charge.

Spinach may be planted in the spaces between other plants. One ounce of seed will sow at least 100 feet of row.

Spinach is easily grown, and there is perhaps no other crop of its kind that will give as much satisfaction. Spinach greens are very desirable as a spring vegetable.—United States Department of Agriculture.

## Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

## CHANCE OF A LIFETIME TO BUY A DESIRABLE FARM

The undersigned Commissioner, pursuant to an order of the Franklin Circuit Court, will, on

**THURSDAY, JUNE 12, 1919**  
AT 1:30 O'CLOCK P. M.

Offer for sale at public sale on the premises, 3½ miles east of Brookville, Ind., the following described real estate, to-wit:

The Southwest Quarter of Section 25, Township 9, Range 2 West, containing 160 acres, more or less. Also a part of the Southwest Quarter of Section 24 and a part of the east side of the Southeast Quarter of Section 23, both parts constituting 36 acres, more or less.

The 160 acre tract is what is known as the Henry Crist farm, being the farm that had been occupied by Elizabeth Crist preceding her death. This farm is one of the best stock farms in Brookville Township and in Southeastern Indiana. It has good improvements, is well fenced, is thoroughly drained with tile drainage and practically every acre is tillable land. The 36 acre tract forms a part of what was formerly the Goudie Homestead. Both tracts of real estate are adjacent or near the Brookville and Mt. Carmel Free Gravel Road, near a public school and on rural route and in a splendid community of good citizenship. The ownership of these tracts of land has not changed in many years. The fields are laid out in such manner as to adapt them especially for the use of a tractor.

Here is an opportunity to obtain what has been termed one of the banner farms of Southeastern Indiana, situate 3½ miles east of the town of Brookville, 34 miles from Cincinnati and on what is the Colerain Pike. Each of said tracts of real estate will be sold free of the taxes of the year 1919. Possession of the farm will be given in the fall of 1919 in time for seeding. For any further information you may inquire of the undersigned Commissioner or of John R. Goudie, of Cincinnati, Ohio, or Rachel M. Steel, Brookville, Indiana, R. R. 3.

**M. P. HUBBARD, Commissioner**

## Acme Pig Meal

Equal to milk. Protein 28½ per cent. Is a full and complete ration, nothing else is fed with it. You know how pigs do when fed milk—that is how pigs do when fed ACME PIG MEAL—equal to milk. Start when the pigs will eat, it so takes the place of milk they will wean themselves at eight weeks of age, retain the BABY PIG FAT, prevents RUNTS and SET BACKS at the weaning time.

You can wean your pigs at eight weeks of age and wean them successfully, and prevent the SET BACKS AND RUNTS if you will follow these instructions:

When your pigs commence to eat, build a "creep" and feed the pigs by themselves. Mix one part of ACME PIG MEAL with seven parts of water, and give your pigs, and only feed the amount they will eat. If any is left in the trough at night, feed to the sows, otherwise if left in the trough may sour.

Increase the ACME PIG MEAL as they require, feeding all they will eat, and by feeding the ACME PIG MEAL so takes the place of the sow's milk that the pigs will WEAN THEMSELVES with the sow at eight weeks of age, and thereby PREVENT THE SET BACKS, so common at the weaning time.

### The Successful Man.

He has achieved success who has lived well, laughed often and loved much; who has gained the trust of pure women and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem or a rescued soul; who has never lacked appreciation of earth's beauty or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.—Bessie A. Stanley.

### Wounded Man Toys.

An exhibit of articles made by wounded soldiers at Fort Riley, Kan., in the course of their occupational work is on display at educational service headquarters. It includes wood carvings, weaving and useful articles in leather. Many of the men have turned their attention to toys, and in one ward at Section K the boys are turning out an entire miniature circus parade. The occupational work is regarded as of great value in effecting quick recovery.

## DECIDE YOURSELF

The Opportunity is Here, Backed by Rushville Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Rushville endorsement. Read the statements of Rushville citizens.

And decide for yourself. Here is one case of it.

M. Conner, cigar manufacturer, 1001 N. Harrison St., Rushville, says: "I had backaches and pains through my kidneys. My kidneys acted irregularly. Doan's Kidney Pills stopped the pain in my back and regulated my kidneys."

## NO TROUBLE SINCE.

More than three years later, Mr. Conner said: "I haven't had to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I am sure the cure is permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
